# IP BROADBAND NETWORK MANAGEMENT 2018

# What's in IP Broadband Network Management Learning Service

# Training Program Overview

IP BROADBAND NETWORK MANAGEMENT TECHNOLOGIES OVERVIEW  
AND FUNDAMENTALS

ERICSSON ISERVICE ON AND P TRANSPORT NMS  
OVERVIEW/FUNDAMENTALS

ERICSSON SERVICEON ELEMENT MANAGER OPERATIONS

ERICSSON IP TRANSPORT NMS OPERATIONS

ERICSSON ISERVICE ON AND P TRANSPORT NMS ADMINISTRATION

# Supported Service Delivery Methods

ICON DELIVERY METHOD

INSTRUCTOR LED TRAINING (ILT)

ELEARNING (WBL)

# IP Broadband Network Management

## Related Technologies Overview and Fundamentals

TMN, FCAPS and SNMP Overview  
(WBL), LZU 108 8733

Network Protocol Stacks Overview  
(WBL), LZU 108 8734

# ServiceOn Element Manager Operations

According to the equipment the ServiceOn Element Manager will manage optical & microwave system training paths are prerequisites (found in Optical and Microwave Networks Training Programs)

ServiceOn Element Manager R16 for Optical and Microwave Networks Operations  
(3 days ILT), LZU 108 2305

# Ericsson IP Transport NMS for TDM Network - Operations

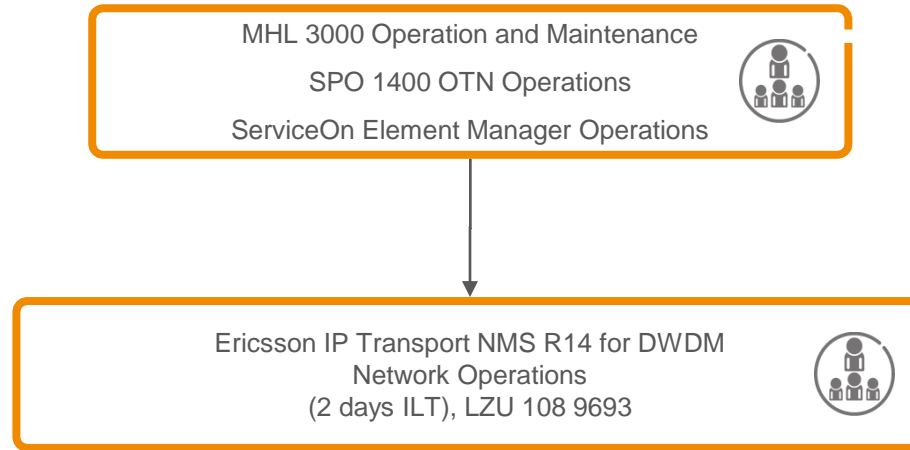

Participants should be familiar with PDH/SDH technologies, radio principles and the relevant managed Network Elements, or alternatively they should have an equivalent knowledge and experience

Ericsson IP Transport NMS R16 for TDM  
Network Operations  
(3 days ILT), LZU 108 2303

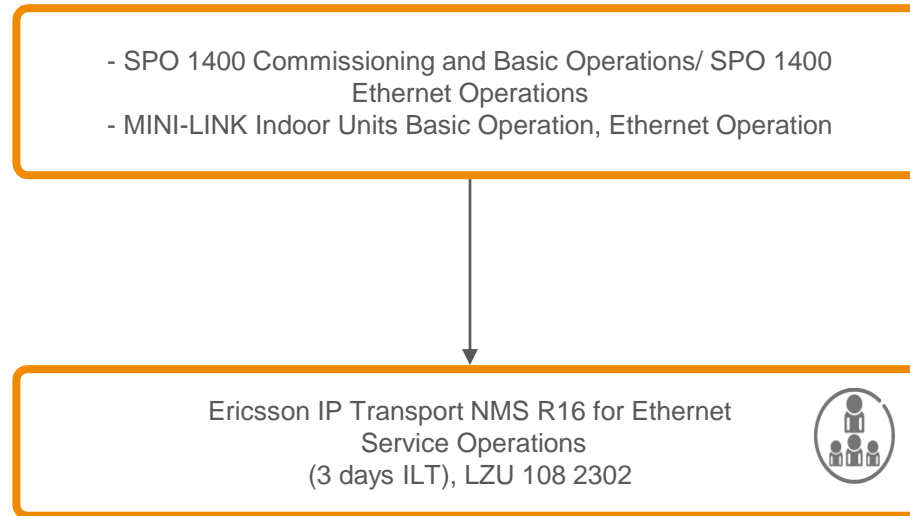

# Ericsson IP Transport NMS for DWDM Network - Operations

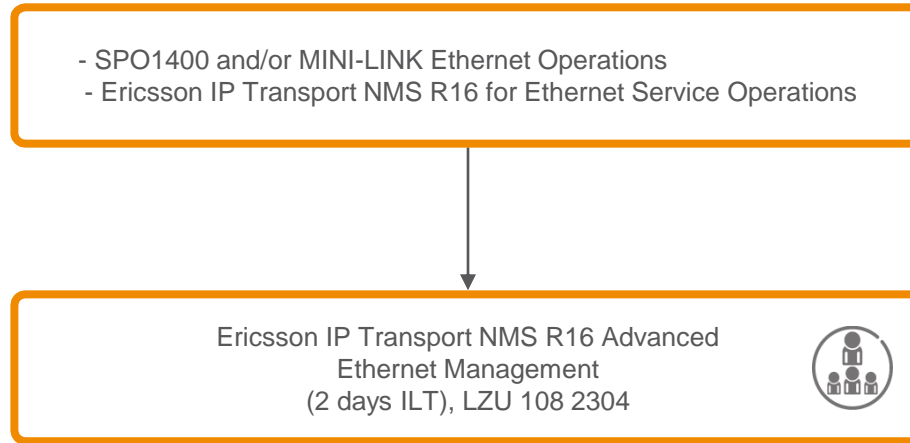

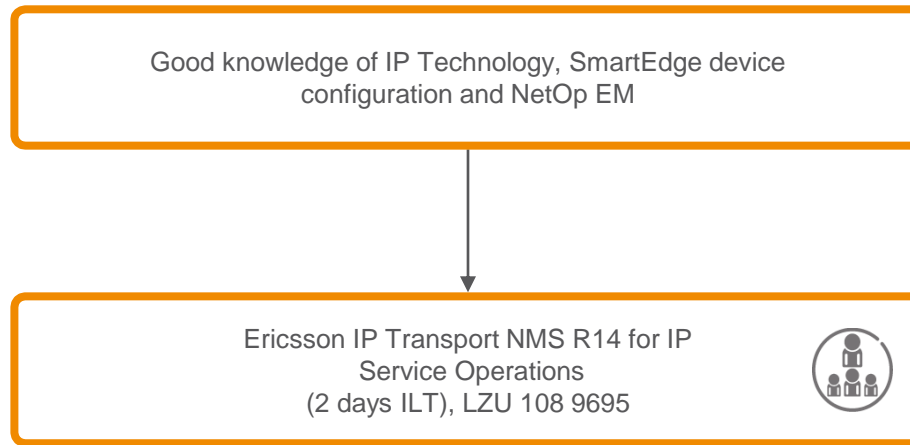

# Ericsson IP Transport NMS for Ethernet Services - Operations

# Ericsson IP Transport NMS Advanced Ethernet Management

# Ericsson IP Transport NMS IP Services

# Ericsson IP Transport NMS for ASON (WSON) Solution - Operations

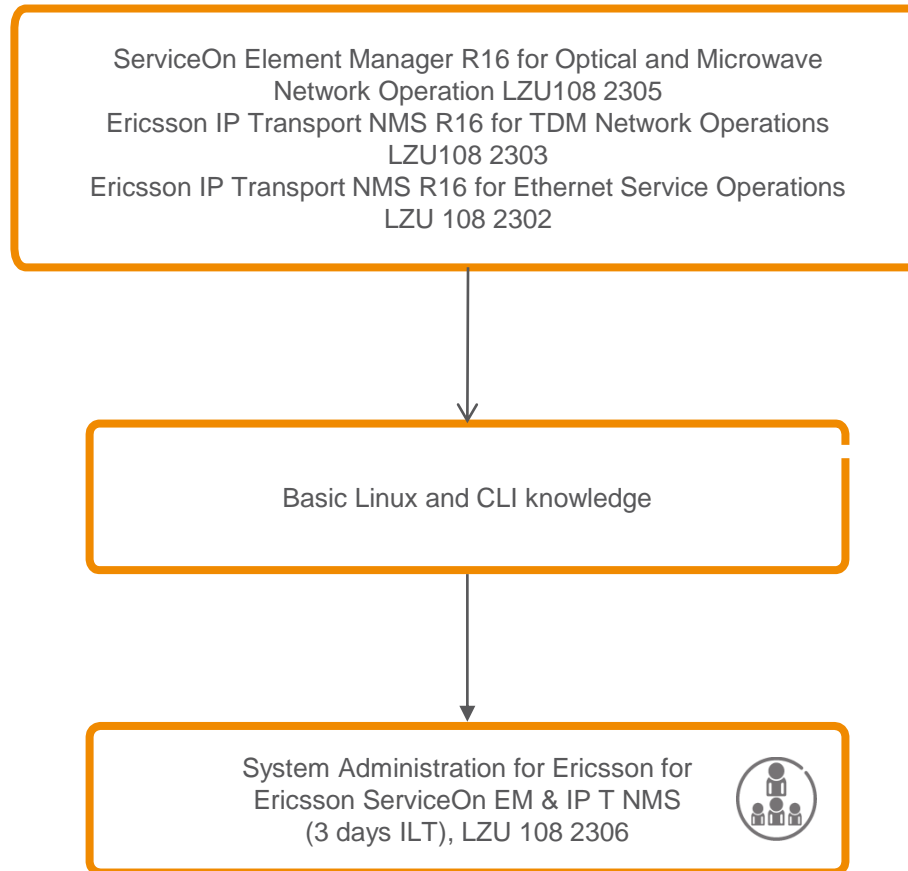

DWDM theory, MHL3000 Operations and Maintenance course,  
ServiceOn Network Manager for DWDM Network Operations, ON  
Planner R1 Operations

Ericsson IP Transport NMS R12 for  
ASON (WSON) Solution Operations  
(5 days ILT), LZU 108 8974

# ServiceOn Element Manager/IP Transport NMS System Administration
